## Call for Paper

The International Conference on Electromechanical Engineering is a good opportunity to present and discuss new trends and exchange knowledge and experience gained in research progress in various domains of electromechanical sciences and engineering. Both theoretical and applied papers are welcome for submission to this event.

This conference aims to provide a forum for researchers and practitioners from academia and industry to discuss research ideas and present the recent advances in Electromechanical Engineering and related topics. Students and junior researchers are especially welcome to share their latest research and application contributions and address new challenges in the field

The event, which is expected to attract 100 participants, will also provide a wonderful opportunity for regional and more broadly international networking.

This fourth edition, ICEE'2022, will be held in Skikda, Algeria, and will be organized by the Faculty of Technology, Université 20 Août 1955-Skikda (Algeria), from November 22 to November 23, 2022. The conference includes different kinds of presentations given by researchers and experts from the international community, including keynote speakers, special sessions, and posters. It covers a wide spectrum of topics connected with the Electromechanical Engineering domains, ranging from theory to practice, in terms of methodology, design, implementation, testing tools, and use cases.

## Paper submission

Full papers should describe original work, in 6 pages (papers can exceed, for free, this limit up to only 8 Pages), be written in English or French (title and abstract should be written in English) and be submitted via the conference email [icee2022@univ-skikda.dz](mailto:icee2022@univ-skikda.dz)

**All accepted, registered and presented papers will be published in the proceedings of ICEE'2022 conference, which will include an ISBN.**

**Selected papers, will be published in extended version in prestigious international journals.**

## Areas of Interest

Topics include but are not limited to the following:

- Electromechanical Systems
- Mechatronics and Robotics
- Renewable Energy
- Mechanical Engineering and Materials

## Important dates

Paper submission deadline: **September 20, 2022**  
Notification of acceptance : September 30, 2022  
Camera-Ready: October 15, 2022  
Conference date : **November 22-23, 2022**

## Registration fees

15000 DA	Academic Researcher (Accommodation included)
7000 DA	Academic Researcher (Accommodation not included)
7000 DA	Local students (Accommodation included)
3000 DA	Local students (Accommodation not included)
3000 DA	Online Presentation
200 €	Foreign Participants
15000 DA	Industrial & Professional

## Committees

### Honorary chairs

**Prof. Toufik BOUFENDI**  
(President of the University of Skikda)

**Dr. Nesrine AMMOUCHI**  
(Dean of the faculty of Technology)

### General chair

**Dr. Toufik SEBBAGH**

### General co-chair

**Prof. Abderrezak METATLA**
